THE BLUE QUILL

Mid the pine hills of
East Texas,
In old Polk County,
Sweetest memories we'll cherish,
Memories of Thee!
Corrigan-Camden,
Corrigan-Camden,
Surely thou will be,
Ever worthy of our homage,
C-CHS
Hail Thee!

The 1971 Blue Quill

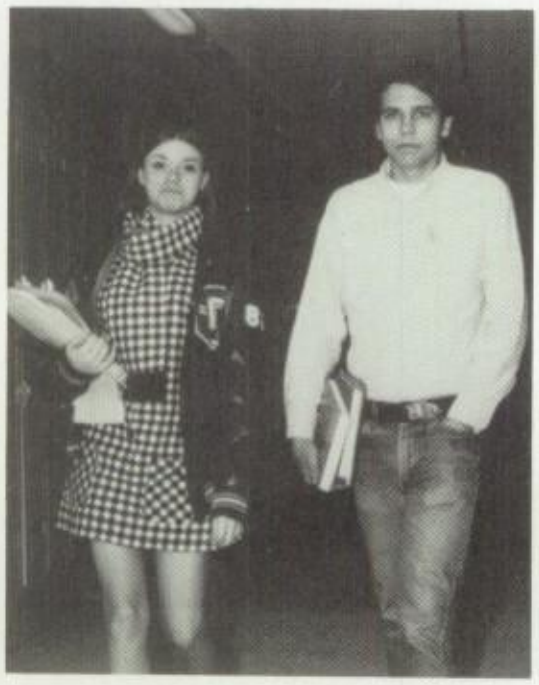
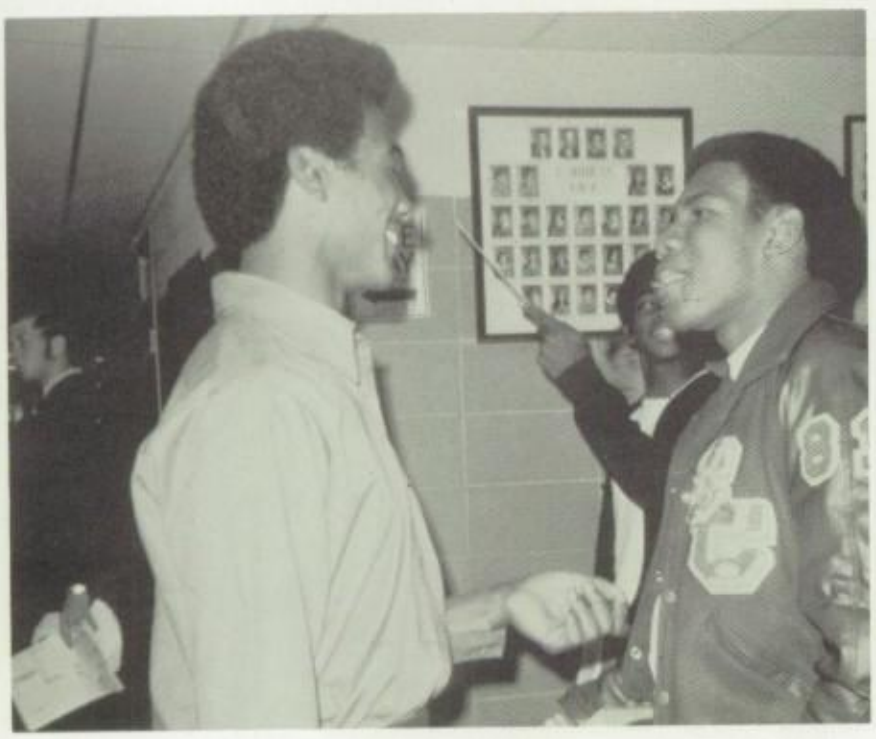
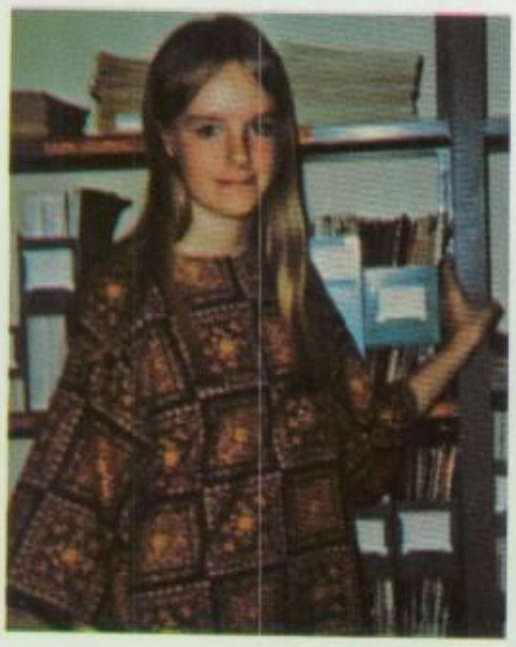
Careful scrutinization reveals that
an institute of learning is not composed merely
of books and pupils, but of a diversification
of individuals and their personal interests.

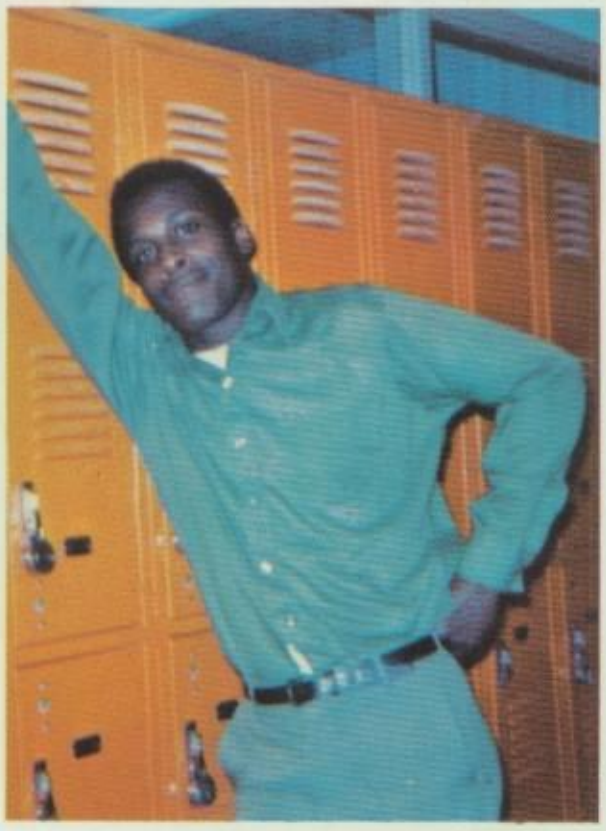
Our observation reveals a variety of individuals . . .

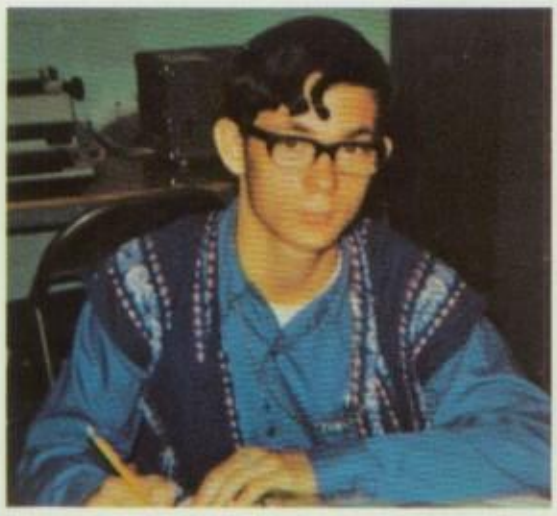
Unified to create a whole.





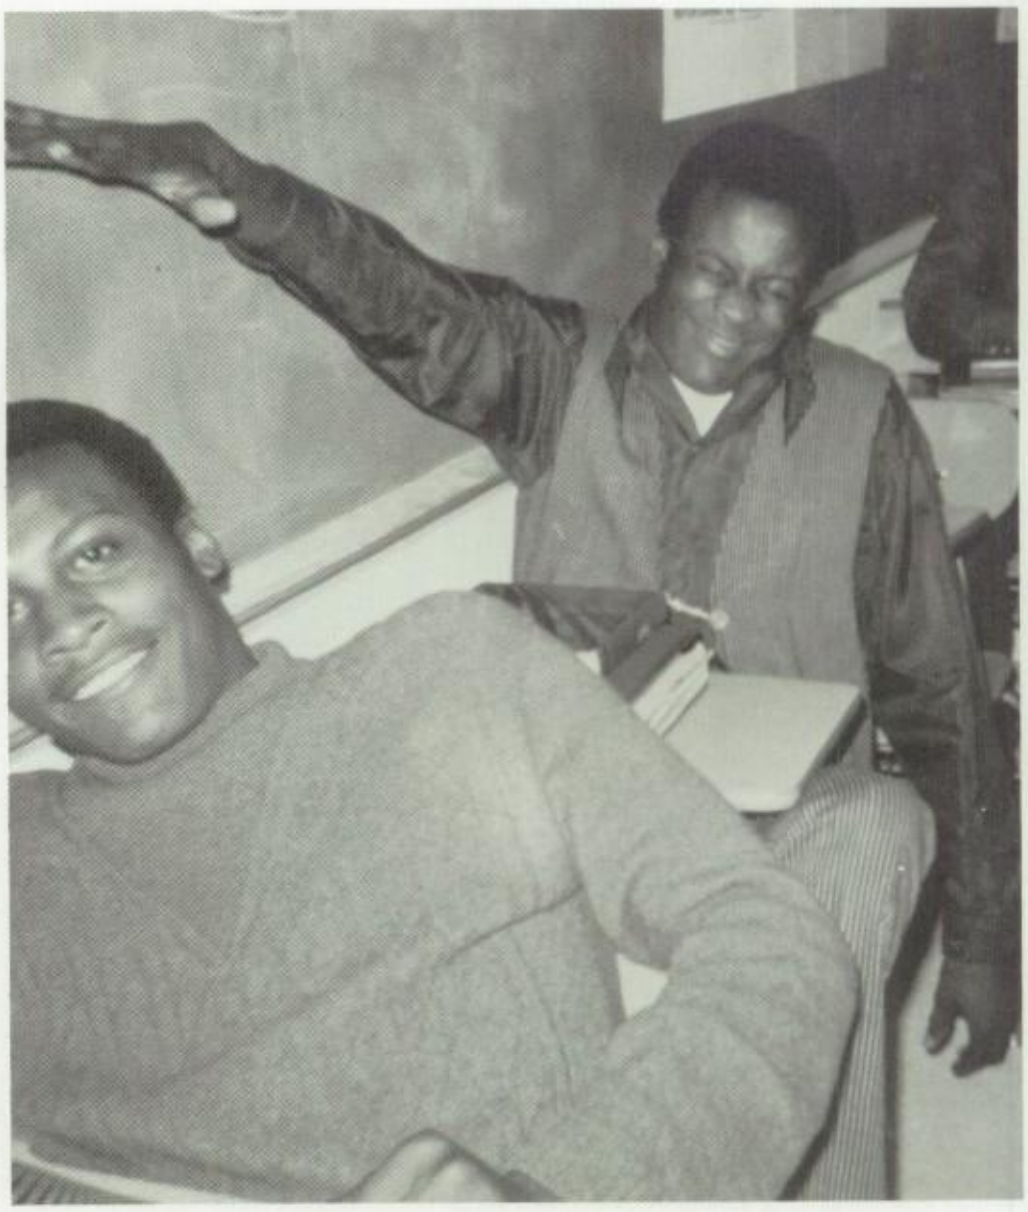




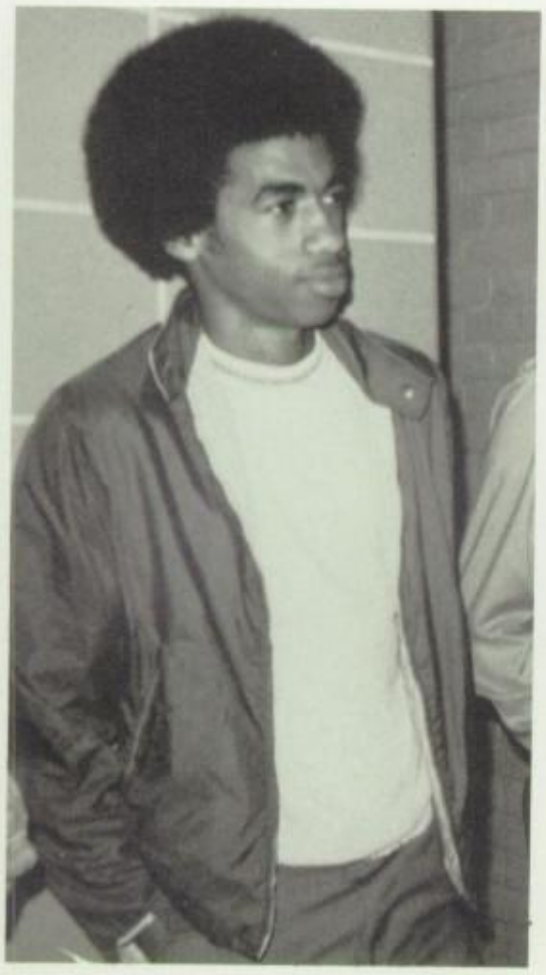


And in a
variety of
expressions . . .

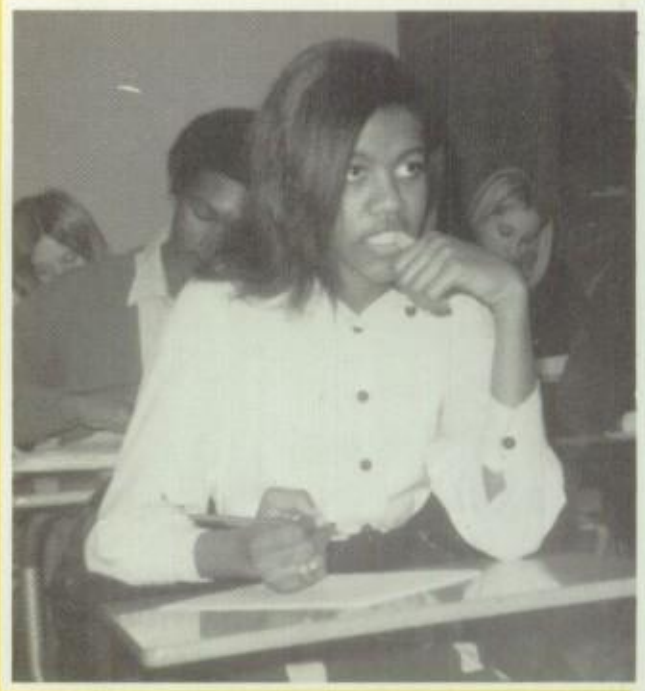
There exists fun

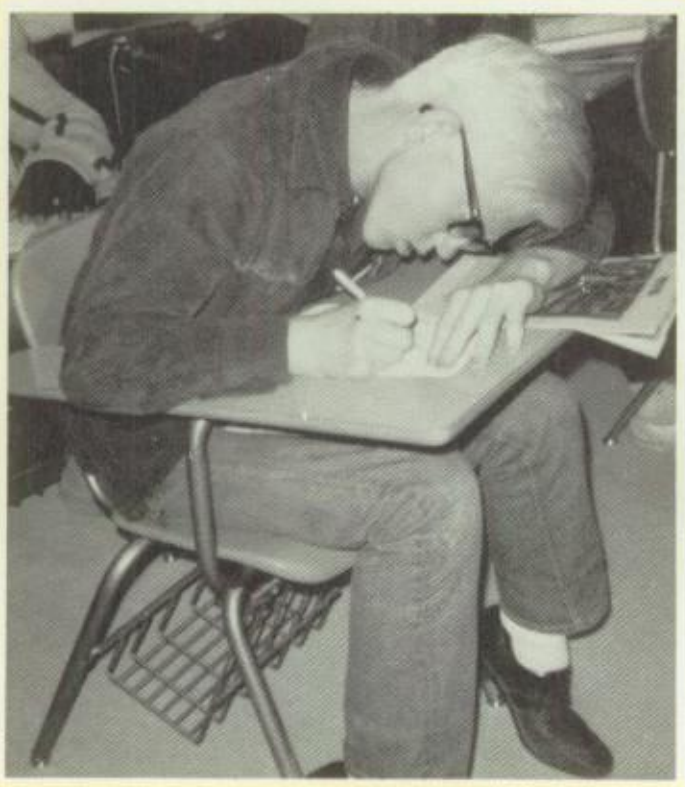


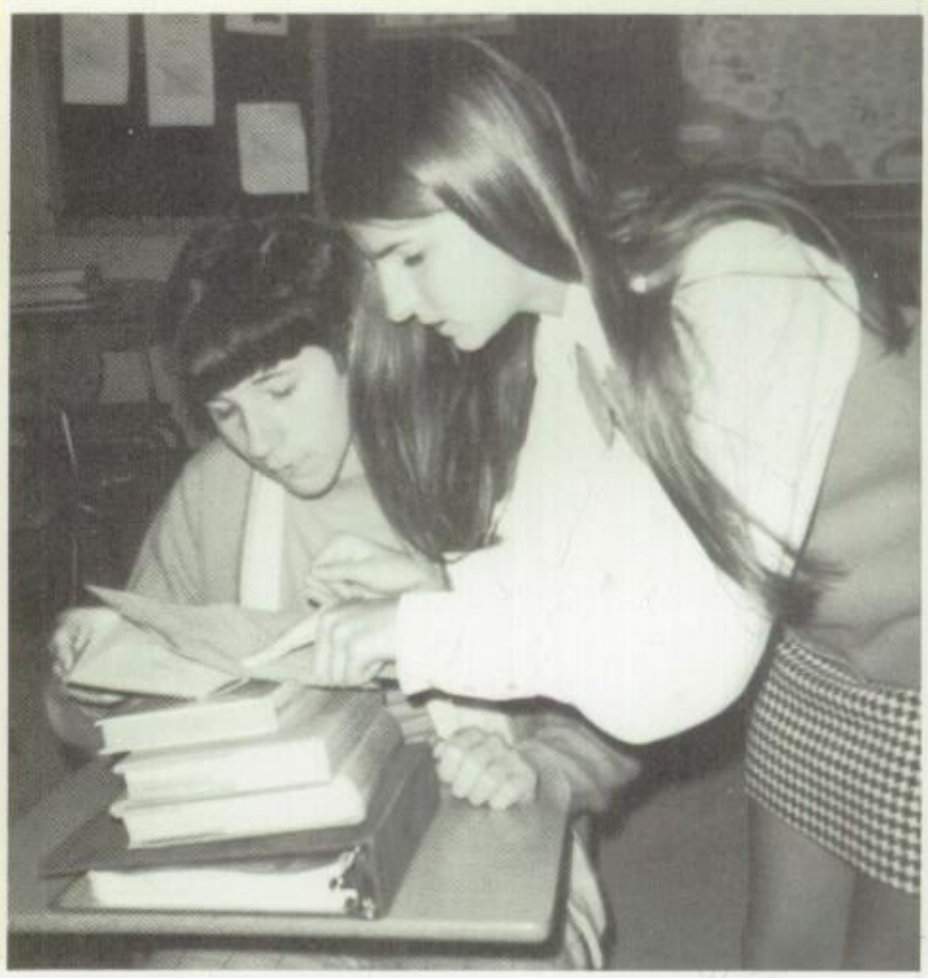
with seriousness,



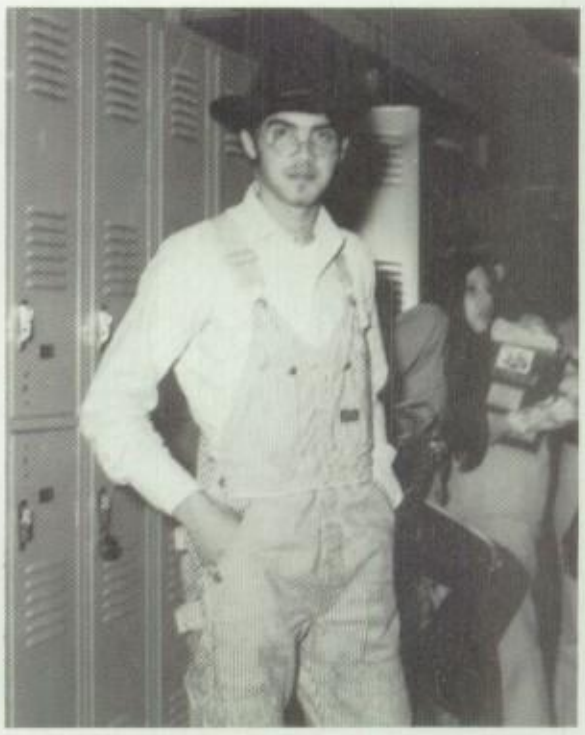
excitement with
learning . . .

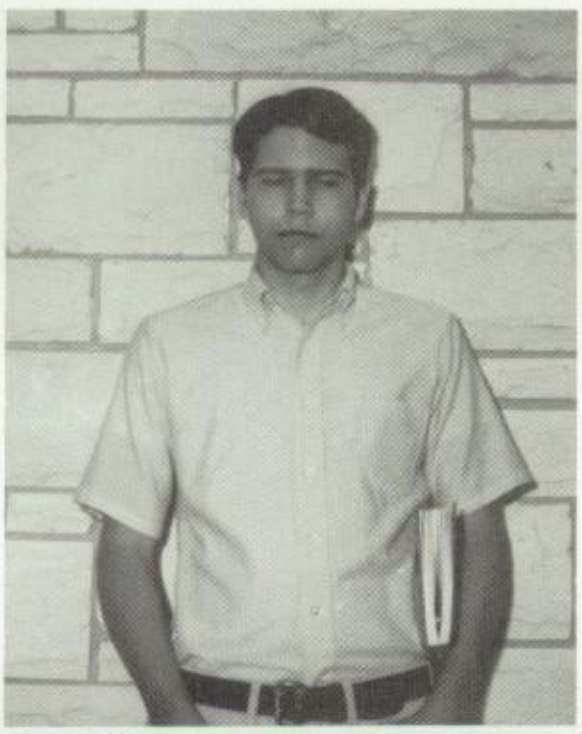


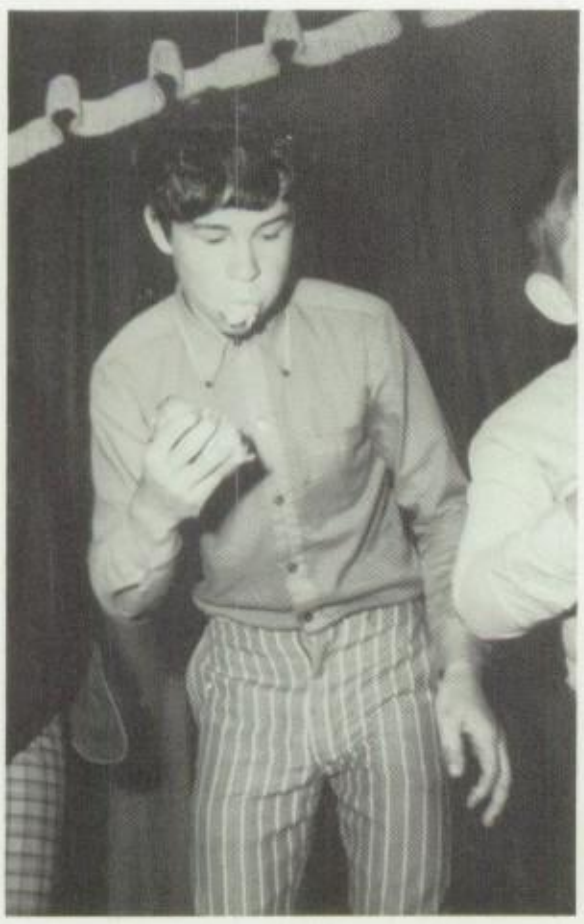


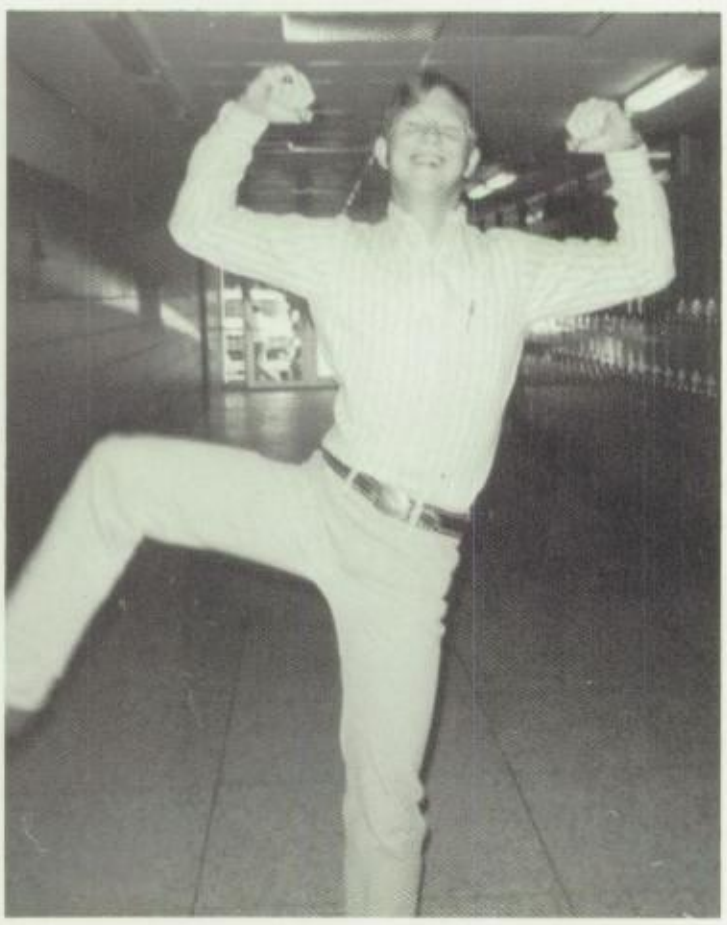


And with a bit of ridiculous

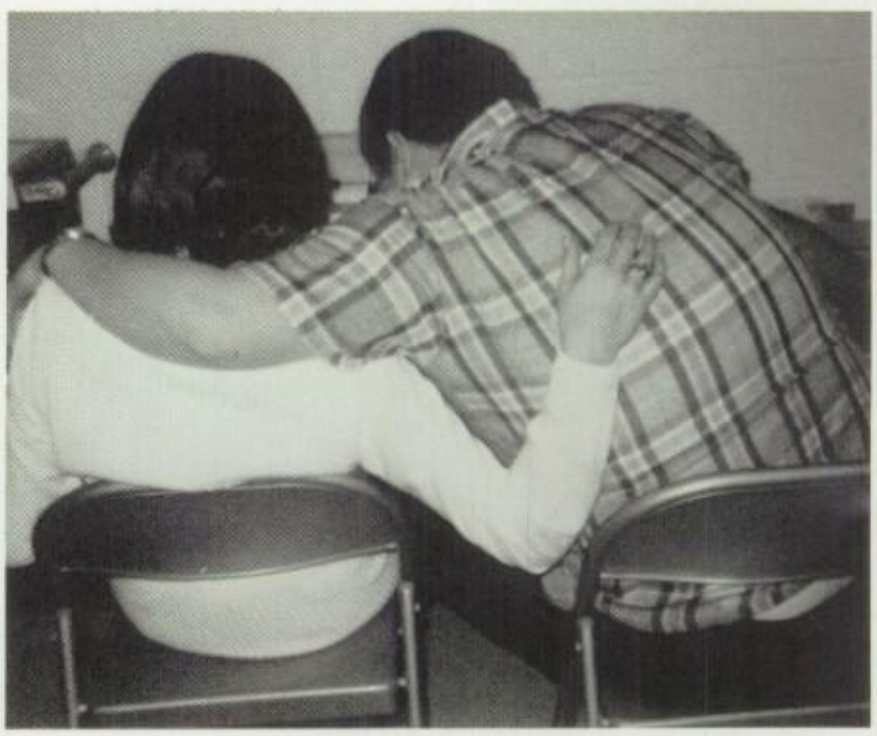








We sought and found ourselves
as a coalition of minds.

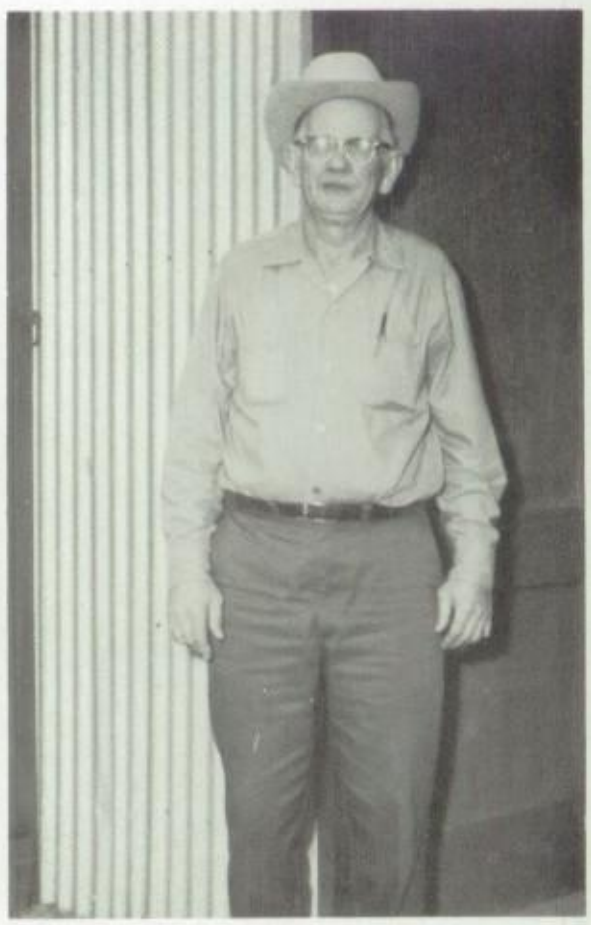


Administration

BOARD OF TRUSTEES

'CANDID CAMERA' FINDS BOARD MEMBERS

The School Board's existence signifies a desire to keep pace with changing times. Though most of these men don't even have children in school, they are just as interested and willing as the others to devote time to the interests of young people.



D. C. STOVALL

F. E. SMITH

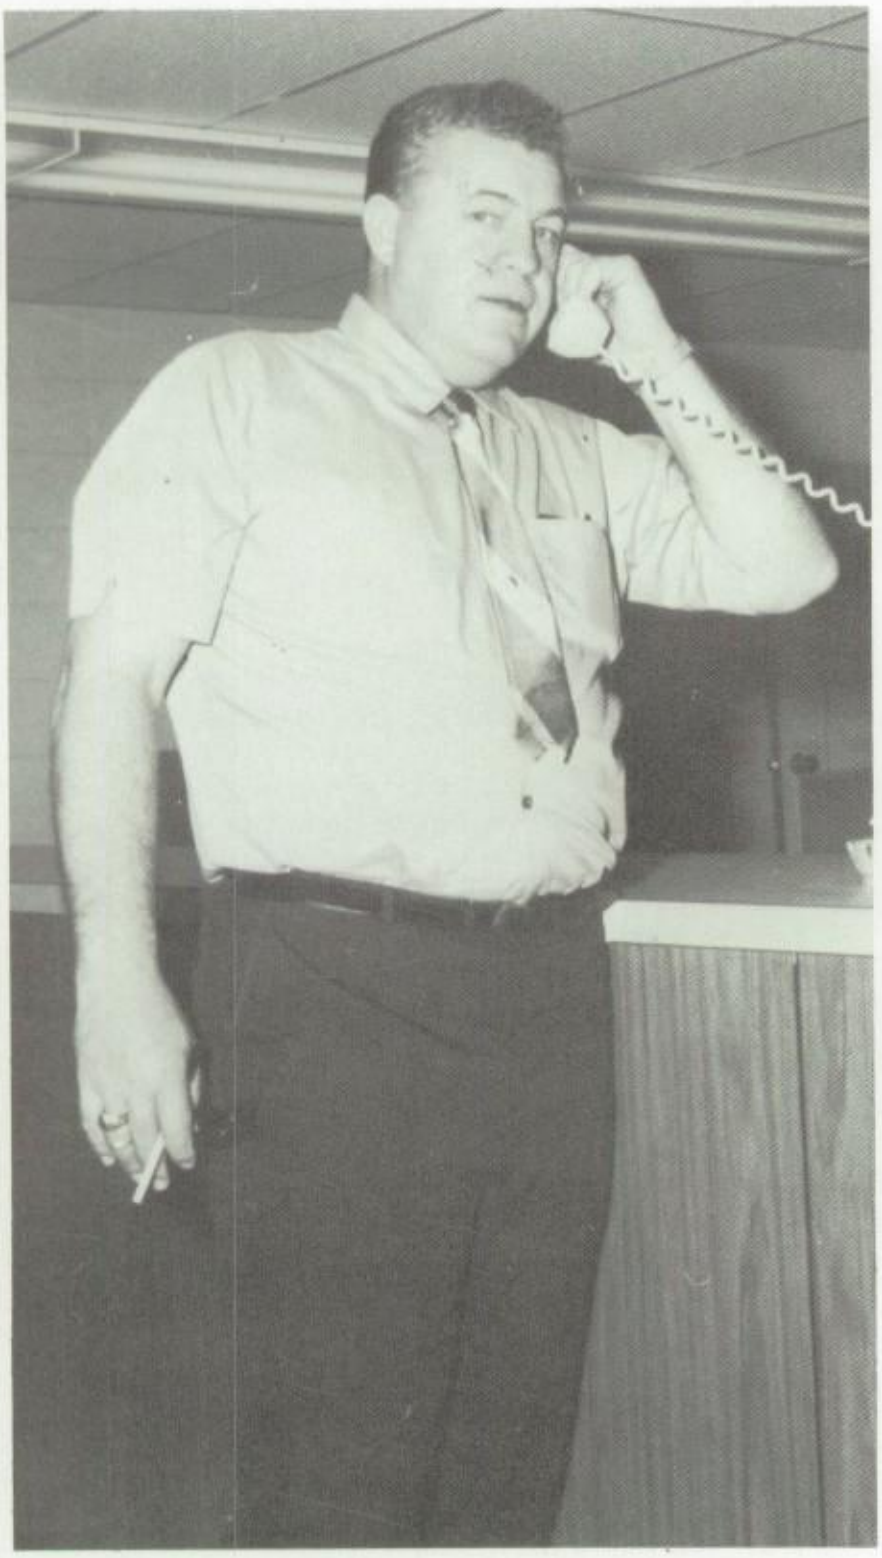
J. S. MARTIN

SUPERINTENDENT



J. R. COCKRELL

The dictionary defines the position of superintendent as one who "supervises" or "manages." However, when one sees Mr. Cockrell's car out beside the school in the evening when he could be spending this time at his leisure, it is very evident that the job means quite a bit more than anyone suspects - perhaps it is only a superintendent that can ever know just how much.

It takes a very compassionate person to want the responsibility of several hundred young people in his hands; it takes twice as compassionate a person to take this responsibility in his hands and then respond favorably in the form of a well-established school system. And for this, every individual even remotely affiliated with Corrigan-Camden Schools is thankful for and deeply grateful to Mr. J. R. Cockrell.

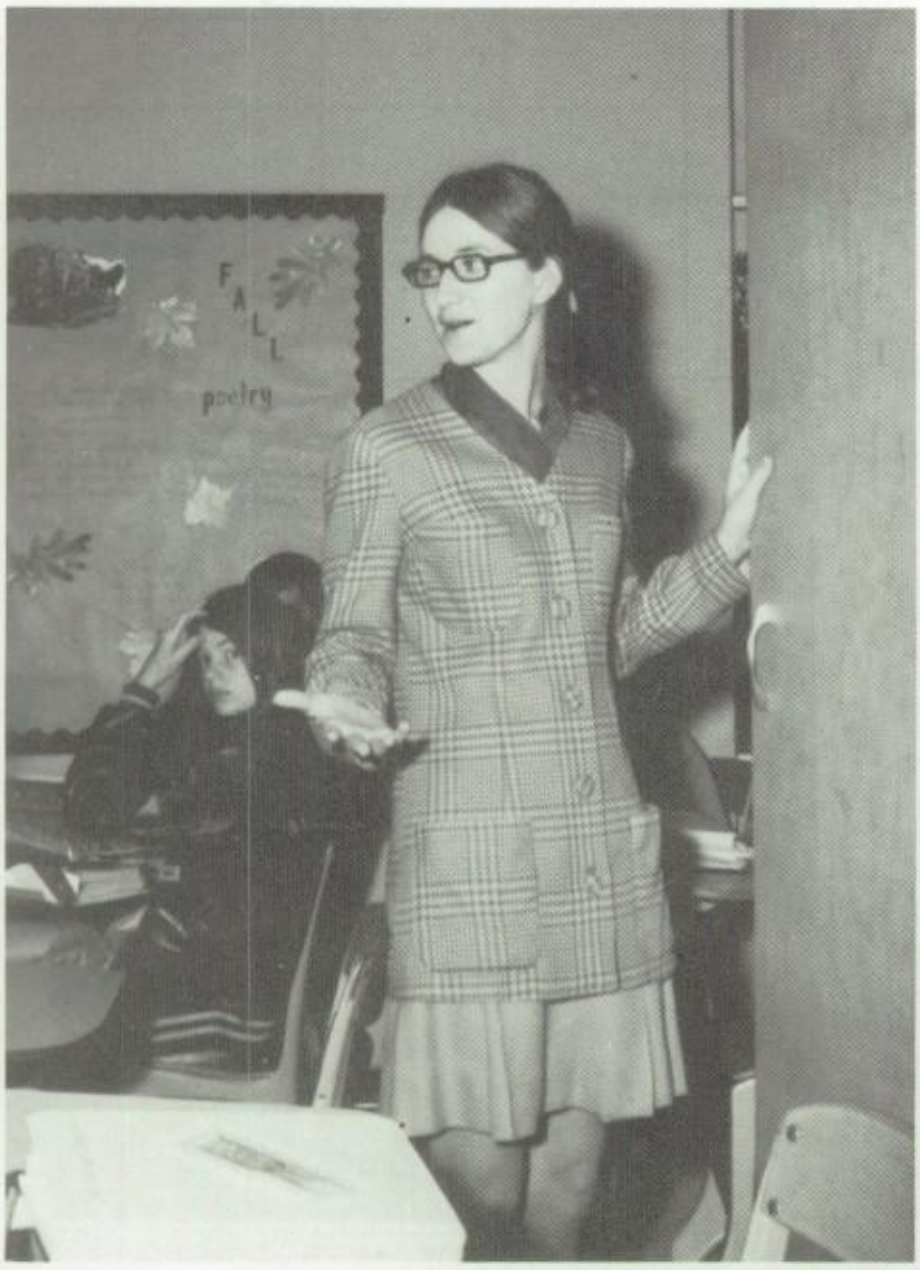
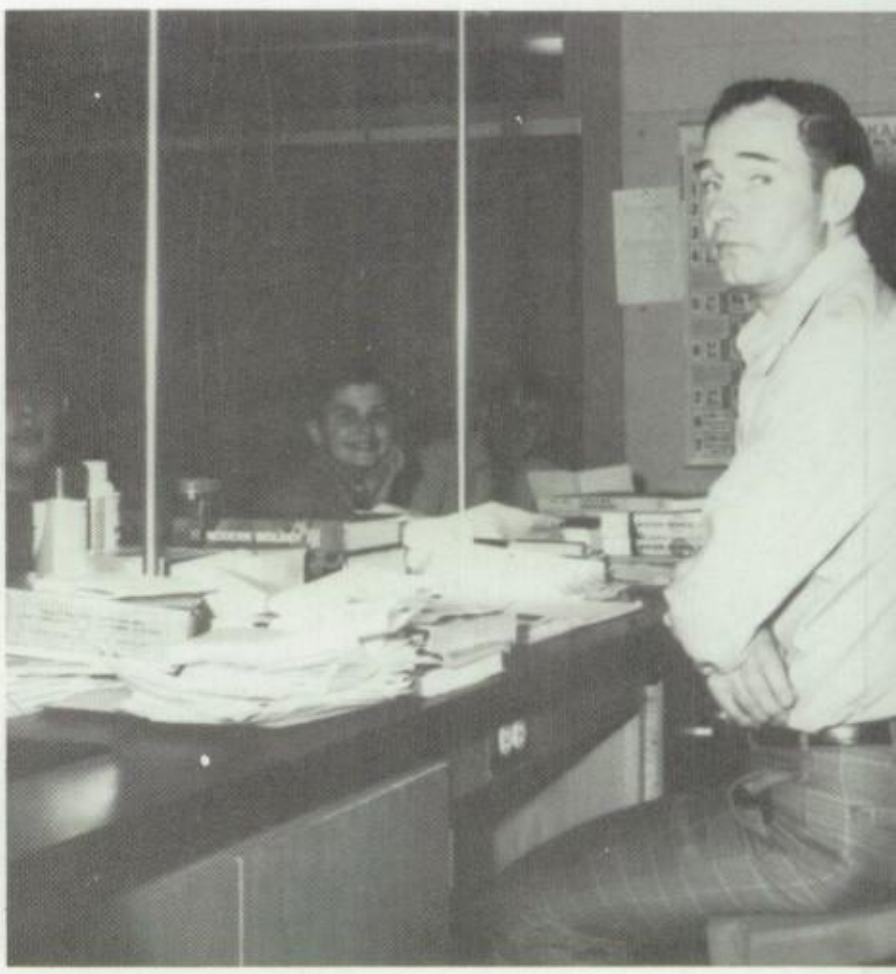
FACULTY



Before teachers can teach and students can learn, a basis for communication must exist . . .



. . . and this, C-CHS faculty members
have established with an open mind
and an over-abundant supply of patience.

CLASSES

SENIORS LIBERATED MAY 28

Noted for their exceptional ability to always be late for classes, uncanny ability to sneak to the lunchroom early, plus numerous other achievements, the seniors of 1971 were liberated from the halls of C-CHS May 28. All their efforts, through various fund raising activities, came to a climax on May 26 when the class went to Six Flags on their senior trip.

JUNIOR CLASS SPONSORS FUND RAISING ACTIVITIES

In the midst of a year of great accomplishment, the Juniors did their part by working diligently to pay for the Jr.-Sr. Banquet held May 1 at Angelina College. Among the activities sponsored by the Juniors were a Powder Puff Football game, Bar-b-Que Supper, Ali-Frazier fight film held at the Corrigan Theater, plus numerous other fund raising drives.

SPORTS

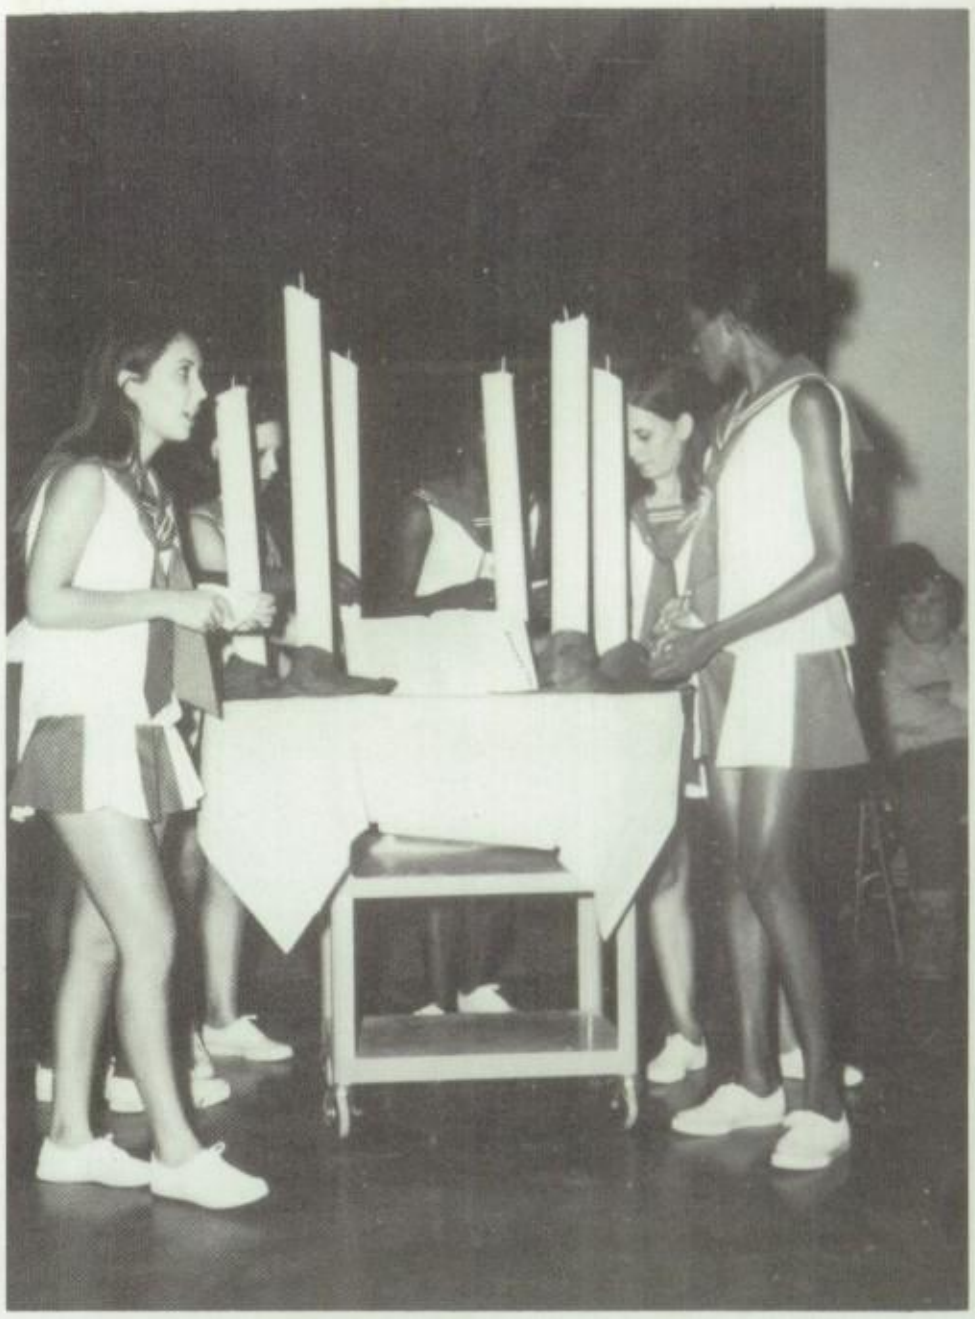
THE OTHER SIDE OF SPORTS



This is the sports section, and where else should you find the cheerleaders, who are so vital to our program?

It is the cheerleaders who work so hard and enthusiastically to really develop school spirit and get everyone to back the C-CHS Bulldogs all the way. It is their dauntless spirit which really keeps things going, and words cannot express our feelings for them.

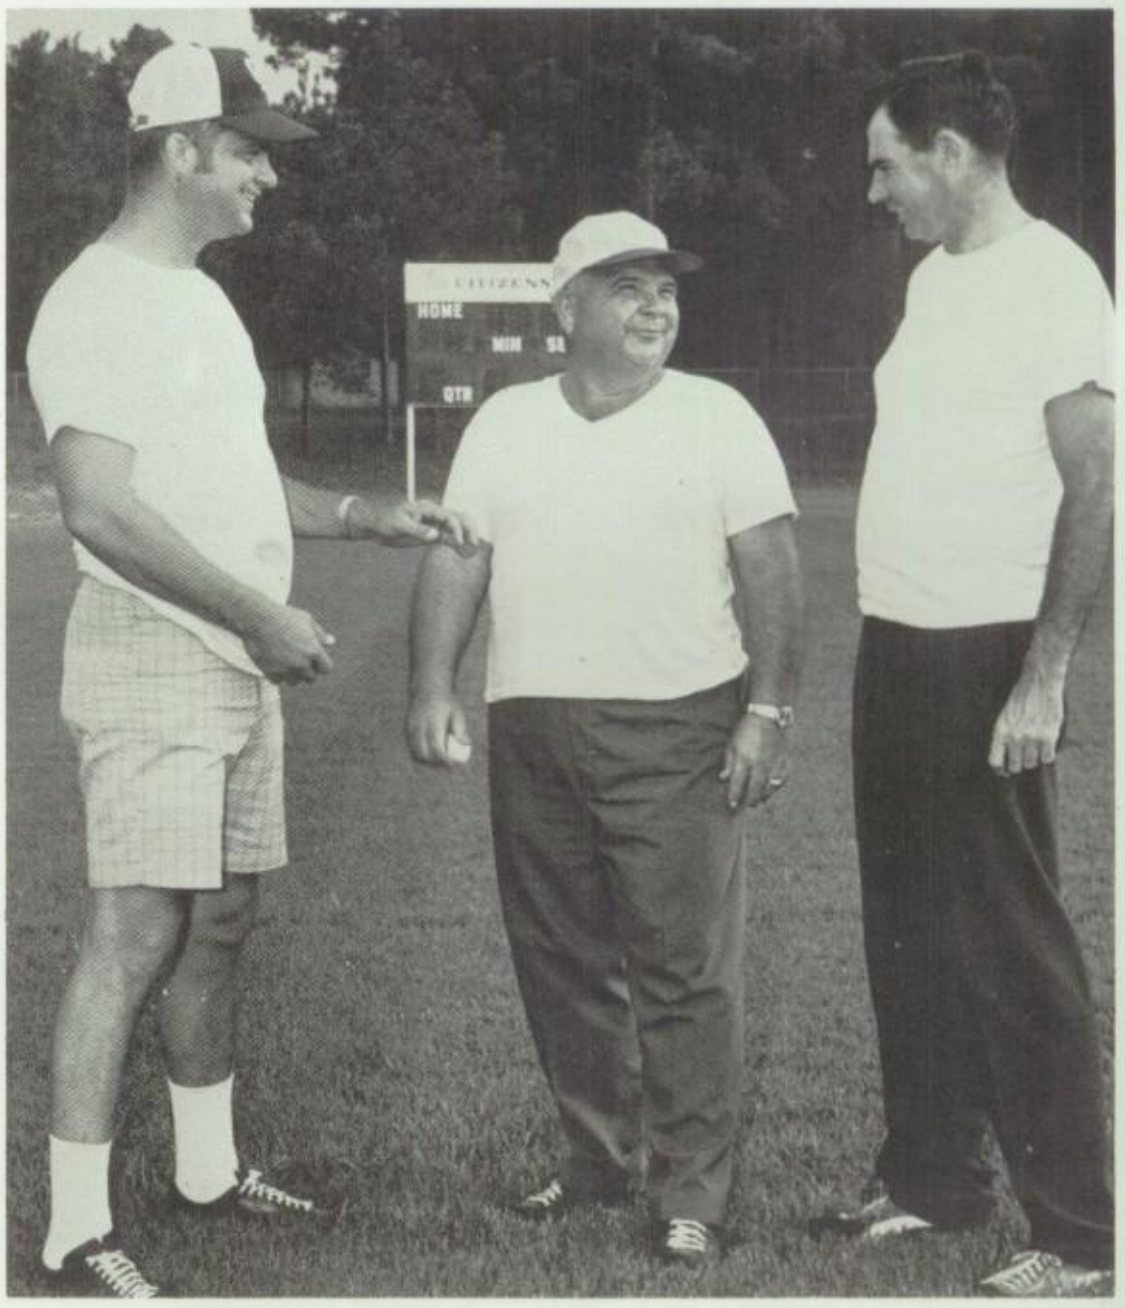
VARSITY FOOTBALL TEAM

Varsity Football had a good year with a 9 win - 3 loss record. Although out-weighed in virtually every game, they proved that teamwork is the important thing.

Football coaches are, left to right, Coach Alec Cockrell, Head Coach M. G. Fabriquze, and Coach Wilson Richardson.



Below are the Senior Tri-Captains for the 1970-71 football season. As with the other members of the team, they were sometimes outscored, but never beaten.

VARSITY TRACK PARTICIPANTS

The track team this year showed true quality of character. Nowhere else could one see such a total effort to win - and win they did. The people of Corrigan were justly proud as they followed the Bulldog tracksters through district, regional, and ultimately, to a third place in the State meet in Austin.

VARSITY DISTRICT TRACK MEET

STATE CONTENDERS

JERRY ASH

The state meet was the time for the superior effort of all contestants - and that was what was given. In the first race, Jerry Ash slashed his best time by over two seconds. Jerry showed the best determination of all, having won the State championship in Class A 880 and then turning around and running anchor for the mile relay. The relay men placed third in Class A state competition with a time of 3:24.1, the season's best. Composing the team were Ash, Curtis McQueen, Leon Walker, and Andrew Gesford.

Tim Whitfield qualified for two events in Austin. He ran the 100 yard dash with his season's best time of 9.8. This gave him third place. He placed third again in the 220 yard dash with a time of 22.2

We congratulate these boys and the fine effort they put out in order to "put Corrigan on the map" as the home of state tracksters.

ASH, McQUEEN, WALKER, GESFORD

TIM WHITEFIELD

JUNIOR VARSITY

The Jr. Varsity tracksters made a fine performance at the district track meet by placing second in that meet.

JUNIOR HIGH

Coach "Buzzy" Cockrell's Bullpups wound up taking home the bulk of the honors at the district track meet by placing first. Congratulations, boys!

BASEBALL: BI-DISTRICT CHAMPS!

The Corrigan-Camden baseball team excelled in their efforts this year by becoming district and bi-district champions. The unceasing determination to win paid-off as the nine starters, led by pitcher Tommy Courtney, advanced to the regional playoff series with Shiner, losing in a 2-0 decision in the third game. Coach "Buzzy" Cockrell did his part by inspiring each player to play beyond his capability. These boys hustled!

EDITORS' MESSAGE

We entered the classroom in September, certain of ourselves and eager to begin taking pictures as we had seen our predecessors do. The month was consumed as we lived with a camera in hand, ready to snap a good shot within a few seconds' notice.

By the middle of October we had acquired a quantity of pictures, so we began to take account and analyze them and apply each to its proper section within the book. To do so we compared our pictures with those in great annuals of the past. We found that ours were of one type, depicting only a minute portion of the school and its activities; and yes, we must confess, many of the pictures were of persons within our own age group and clique.

That was when the initial shock overwhelmed us - we realized that an annual was not simply an assortment of photographs on paper. Instead, we discovered that portraying nine months of school meant looking at every activity and from every aspect, even if it did not particularly appeal to us.

So November and December were entirely new months, for we had to delve into subjects and people with which we weren't familiar. We had to ignore any inhibitions we had formerly held and acquire an air of boldness to enable us to go anywhere or do anything to take a picture.

January was once again spent analyzing pictures. This time our reactions were more favorable. We felt that each individual photograph told a story - one that would be worth remembering for a lifetime.

During February we attempted to organize these pictures into activities for the actual planning of layouts that would be our annual. For the first time we realized that the opportunity of expressing ourselves was truly in our hands - we could simulate the year in the form of pictures and words as we and fellow students saw it.

March was a most frantic month, for we were caught in the midst of a brain storm in an attempt to meet our April 1 deadline - an attempt we feared to be futile, for there was too much to do.

However, we did make it, as well as the rest of the deadlines. Now we leave the rest to you and your enjoyment, for we hope we have taken dozens of pictures and put them together in the form of a most pleasant story.

As for the ten of us and our sponsor in Journalism II, we know that all these fun times, unique times we experienced will become memorable times.

Melinda Rabe Carolyn K. Cockrell
